- For the Krungthai Travel Mastercard Debit card with a supplementary card, the spending amount from the supplementary card will be combined with the primary card, and the cashback will be returned to the account linked to the primary card only. Cashback is limited to both the primary and supplementary cards, with the maximum cashback being in accordance with the conditions of the primary card.
- The Bank reserves the right to grant cashback only for spending on a first-come, first-served basis, based on the date and time of the transaction as recorded in the Bank's system. The calculation of spending that occurred abroad and in foreign currency is only done by converting the foreign currency to Thai baht to calculate the accumulated spending amount of 30,000 baht/month, referring to the exchange rate in "Thai baht" of Mastercard on the transaction date as recorded in the Bank's system.
- The right is reserved to calculate only spending on products/services abroad that have been successfully completed, excluding spending that has been canceled, returned, or refunded in any case.
