

6 easy steps to send Western Union money via KTB Net Bank.

1. Select menu >> Send money

➤ Select the account you want to use for the transaction (debit money from this account to transfer out)

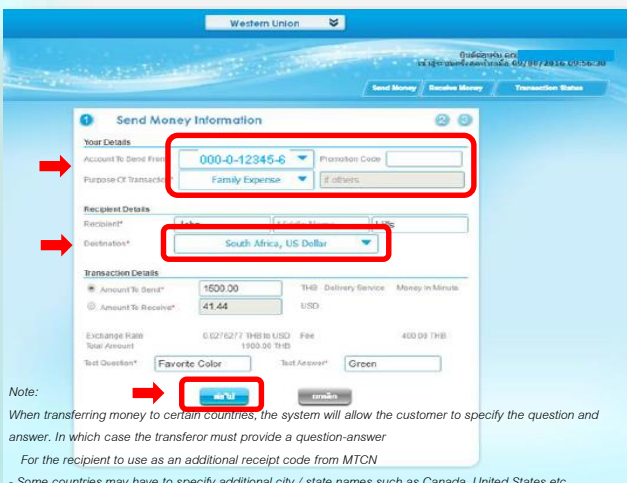

2. Choose the purpose of money transfer from the Drop Down List or in the case of Others, specify the objective that corresponds to the truth.

3. Enter the destination payee information

And select the destination payee country from the Drop Down List. the money received by the destination recipient and show the exchange rate)

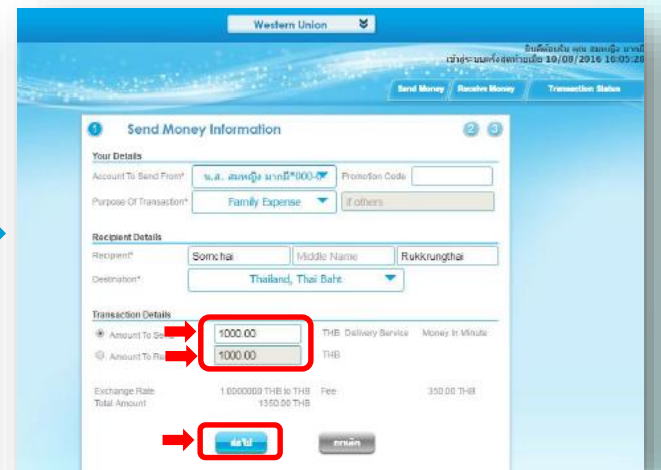

Click >> Next

Note:
 When transferring money to certain countries, the system will allow the customer to specify the question and answer. In which case the transferor must provide a question-answer
 For the recipient to use as an additional receipt code from MTCN
 - Some countries may have to specify additional city / state names such as Canada, United States etc.

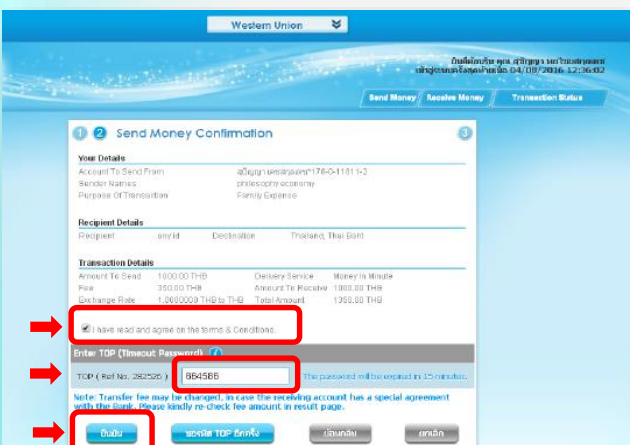

4. Specify the amount of money to be transferred. (The system will calculate

Click >> Next >> The system will send a TOP code to the registered mobile phone number.

5. Enter the TOP code in the field "TOP"

And click on the box. Have I have read and agree the terms & Conditions Click >> Confirm

6. Click >> "OK" (the system will automatically save the image to the device

(So customers can know the MTCN number, payee name and amount to notify the payee) When the system completes the transaction The system displays the Send Money Success screen.
